COMP PLAN TASK FORCE MEETING AGENDA:

July 27, 2021

Zoom: 6:30pm

Comp Plan Priority Subject Areas chapter – Kemblesville Village Enhancements

We will discuss the draft Kemblesville Village Enhancements” priority subject areas chapter that is based on community input. (As background information when reviewing these chapters, with a subject area Comp Plan format, the chapter revolves around recommendations. The chapter provides basic background information plus a goal, but is focused on recommendations, actions, and explanations and supportive information about each action. See Table of Contents outline you had received prior for reference.)

Trails mapping

At the June Task Force meeting, Trails and other Pedestrian Connections priority subject area chapter was discussed. At that meeting, draft trails mapping was shown that still needed to be further vetted for existing conditions and other items. It was decided that a subgroup of the Comp Plan Task Force would work on trail mapping and then mapping would be discussed at another Task Force meeting. At this meeting, we will discuss draft trail mapping from this subgroup and in general. The CCPC Trails Planner will attend this meeting for this discussion, however has another meeting the same evening and so will join this meeting either at the beginning or ending dependent on the timeframe of the other meeting. This means that trail mapping may be discussed near the beginning or ending of this meeting.

Public and Board Comment

The last 15 minutes of the meeting will be for any public and Board of Supervisor comments.
