Dear Customer:

As part of PECO's efforts to provide reliable service, we continue to invest in our system to serve our customers better.

In the next several weeks we will be replacing our current electric meters in your area with newer technology. When we replace our meter you will experience a brief service interruption – typically less than a minute. The technician performing the installation will attempt to notify you before they begin working.

If our electric meter is located indoors, or in another location that is inaccessible, please contact us at 855-347-8960 to schedule an appointment for this service.

If you have any questions please visit [www.peco.com/technology](http://www.peco.com/technology) or call 855-347-8960.

Sincerely,

PECO Meter Installation Team
